

You can apply via our [Online E-Visa Application](#) form.

Visas Zone has launched an e-visa application portal through its website to help streamline certain visas. It is a user-friendly online visa portal process for many nationals, and the main objective is to save you time! The process consists of the applicant completing the online questionnaire and submitting it to us for processing! Visas Zone also provides payment on the applicant's behalf and after completion, deliver your passport with visa to a home or office address! Submit the online form and the below documents to any of our offices for processing:

All applicants regardless of nationality, who are in South Africa at the time of making a visa application to enter Australia will be required to provide their biometrics along with their visa application. Applicants who may be partially exempt from biometric fingerprints collection include minors less than 5 years old (photo only required) and mentally or physically incapable persons (photo only required). Applicants fully exempt from providing biometrics include diplomatic representatives and their dependents, and government officials acting as a representative of a foreign government. Australia is currently collecting biometric data from visa applicants in 33 countries across the globe. This process improves visa integrity, reduce identity fraud and improve security and safety for travelers and the Australian community. Visas Zone will STILL ASSIST travelers with a meet and greet service at the Cape Town and Pretoria Lodgement Centres.

Valid Passport (validity 6 months after date of return) - Certified Clear colour copy of Biometric data page only.
